Dataset Title:	Water withdrawals per water sector
For Indicator:	
Indicator Number:	
Cluster:	
Description:	Annual water withdrawals of different water use sectors per transboundary river basin/BCU for the year 2010
Computation:	by WaterGAP2.2
Data Source/provider:	Center for Environmental Systems Research (CESR)
Spatial Extent:	global scale
Spatial Resolution:	TWAP river basins/BCUs
Year of Publication:	
Time Period:	year 2010
Unit:	[mm/a] and [million m ³ /a]
Additional Notes:	dom : domestic ind : electricity production (cooling water demand of thermal power plants) + manufacturing industries ir : irrigation of agricultural crops ls : livestock tot : total water withdrawals
Date:	27.01.2015
Format:	ESRI shapefile
File Name:	withdrawals_bas_2010 and withdrawals_bcu_2010
